The screenshot shows a dark-themed user interface for creating a new account. At the top right, there is a profile icon with a yellow dot, a "Sign In" button, and a "Sign Up" button. The main form has a dark blue header with the text "Create your account" and a sub-instruction "Welcome! Please fill in the details to get started." Below this, there is a "Continue with Google" button with the Google logo. A horizontal line with the word "or" follows. The form then asks for "First name" and "Last name" in separate input fields. Below these are fields for "Username", "Email address", and "Password", each with their respective placeholder text. At the bottom of the form is a yellow "Continue" button with a right-pointing arrow. Below the button, the text "Already have an account? [Sign in](#)" is displayed. At the very bottom, it says "Secured by clerk".
